# Serenity House

The design concept of Serenity House centers on providing a sanctuary, a safe place the users can always come back to. Serenity House is a home away from home.

Located on Makatindig Hill, the 300sqm lot is spacious and surrounded by nature. The place offers a quiet and peaceful atmosphere, perfect for summer and weekend trips.

The Site Development plan is scarcely embellished, instead focusing on providing common spaces or spaces where the users can relax surrounded by family

The place is designed to accomodate social spaces as well as private spaces in its many bedrooms.
